Social Welfare Department

# Social and Health Care Synergy – Why ?

- Enhance capacity
- Create synergy effect → 1+1 > 2
- Sustain continuous development and improvement

# Social and Health Care Synergy – Our Values

- Community Care
- Customer Focus

# Examples of Joint Projects and Collaboration between the Welfare and Health Care Setting in the Recent Years

# Hospital

- Extended-care patients Intensive Treatment, Early diversion and Rehabilitation Stepping-stone (EXITERS)

# Transitional (From Hospital to Community)

- Community Rehabilitation Day Centres (CRDCs)
- Integrated Discharge Support Programme for the Elderly Patient
- Transitional Care and Support Centre for Tetraplegic Patients

# Community

- Early Assessment Service for Young People with Psychosis (EASY)
- Child and Adolescent Mental Health Community Support Project (CAMPcom)
- Community Mental Health Intervention Project (CoMHIP)
- Child Abuse, Domestic Violence, Sexual Violence, Elderly Abuse Cases

# Essential Elements for a Successful Partnership

# Cultivate Multi-disciplinary Team Spirit

- Shared values
- Understand the different working cultures
- Respect and appreciate respective roles, responsibilities and competencies

- Communication platform
- Coordinated staff training
- Ready to compromise

# Effective Exchange of Information

- Service Planning Level
- Service Delivery Level

# Users' Participation in Service Review

- Service users' participation in the review and evaluation of services
- Service users become active and knowledgeable agents instead of passive service recipients

# Conclusion

- SWD values the close collaboration with the health care setting
- Open-mindedness for possible synergy with the health care setting for service enhancement

# Thank You
